Printware Increases Polyester CtP Plate Material Offerings

Material to be offered for all major imagesetter and polyester CtP devices

ST. PAUL, MINNESOTA – January 18, 2010 – [Printware](#), the longest-standing independent manufacturer of high quality, high performance polyester CtP solutions, announced today it is expanding its [SilverStream® polyester plate](#) material line to include new sizes and specifications for use in CtP systems from other manufacturers including Agfa, ECRM, Escher-Grad, Fuji, Heidelberg, Konica, Linotype, Lüscher, PrePRESS Solutions, Scitex, and Screen to mention a few.

SilverStream polyester material provides significant benefits to printers over other plate materials including:

- Runs lengths of up to 20,000 impressions
- Wide operating latitude with fast roll-up and a forgiving ink and water balance
- Compatibility with virtually all pressroom inks
- Optimal press performance with up to 175 line per inch and 5% to 95% screens
- Highly durable scratch resistant coating

“Printware PlateStream customers have long benefited from the use of the high quality, SilverStream polyester plate material,” stated Tim Murphy, President of Printware. “With our increased material offerings, users of more than 150 systems from other manufacturers will be able to take advantage of Printware’s supply assurance program and support that has always been the hallmark of our business.”

Expanded SilverStream plate sizes, specifications, pricing and dealer contacts can be found at www.printwarellc.com/plateinfo.htm. Printware products are available directly from Printware or their authorized dealers. For more information about Printware visit www.printwarellc.com, call 800-456-1400 or 651-456-1404 or email us at sales@printwarellc.com.

###

About Printware

Printware engineers, manufactures and markets the world's most highly used polyester computer-to-plate platesetters that produce cut-to-size, punched and press-ready printing plates primarily for commercial printers and small format print manufacturers. Printware also offers its customers complete workflow solutions, equipment service, technical support and a full line of platesetters and plate materials sold under its PlateStream®, and SilverStream® brands. Printware, LLC is a member of the Vanguard Graphics International group of companies. For more information about Printware, visit www.printwarellc.com.
